Networking, LinkedIn and Elevator Pitch Tips

Remember these non-verbal actions when giving your pitch:

- Make eye contact with the person 60-70% of the time
- Smile to appear friendly and engaged
- Handshake: firm, 2-3 pumps
- Posture: stand tall and confidently
- Voice: display confidence & enthusiasm

Here’s some sample dialogue for the elevator pitch:

1. Introduce yourself with your name, year, major, activities, and aspirations:
   “My name is Joe Smith. I am a sophomore majoring in marketing and am a member of Penn State American Marketing Association and Sapphire Leadership.”

2. Say something about your knowledge/interest in the company or an interesting fact:
   “I learned about your marketing internship through Nittany Lion Careers. I’m particularly interested in this because you offer social media and print marketing experiences within the marketing internship.”

3. Say something about what skills you can bring to the company or what you can believe you can offer them- make sure it matches what the company is looking for:
   “I believe my previous experience using social media as the marketing chair for THON plus my involvement in PSAMA will be an asset to your company in this position.”

4. Ask an open-ended question that will encourage dialogue:
   “Could you tell me some of the specific projects I could expect to work on in this role?”

If you are not pursuing a specific opportunity or you are an underclassmen and the company is only pursuing juniors and seniors, you can ask:
“Hi company X-I know you are not hiring freshmen/sophomores, but could you give me some feedback on what to do so I will be marketable for an internship my junior year?”

Choose your words carefully to tell your story- practice it to nail your first impression!
